

Policies for Fall 2020 Seminar Series (via Zoom)

Nebraska Center for Materials and Nanoscience

The Nebraska Center for Materials and Nanoscience (NCMN) is requesting speaker nominations for its 2020 Fall Seminar Series that will be held remotely via Zoom. The goal of the NCMN Seminar Series is to provide faculty, graduate students, and staff an opportunity to meet individuals with top research experience and unique expertise in the field of Materials and Nanoscience. Details of our policy are below:

This semester we will be offering a \$200 honorarium for external speakers. We will also facilitate private or small group Zoom meetings with the speaker if requested.

Speaker Selection

- Speaker nominations of outstanding scientists that would appeal to a broad audience in materials and nanoscience can be submitted by NCMN faculty members
- Individual NCMN faculty members can submit a total of 3 talks per year but no more than 2 per semester
- All speakers are selected upon approval of the NCMN Seminar Committee

Send nominee's name, title, brief biography, and topic to:

- Dr. Xiao Cheng Zeng, Chemistry Dept., 402-472-9894 (xzeng1@unl.edu)
AND/OR
- Samone Behrendt, Program Associate, NCMN (samone.behrendt@unl.edu)

Types of Seminars

- 1. Regular NCMN Seminar**
 - a. Held at 4 pm on Wednesday's via Zoom, publicity included
 - b. \$200 honorarium given to each speaker
 - c. Facilitation of private or small group Zoom meetings with the speaker, *if requested*
- 2. Co-sponsored Seminar**
 - a. Held during regularly scheduled department colloquia/seminar times
 - b. Details handled by the host department, we will provide digital support as needed
 - c. We provide extra publicity via social media, our website + events calendar, and announcements sent to all NCMN members
 - d. No financial support
- 3. Internal NCMN Seminar**
 - a. Open to NCMN faculty (and any other University of Nebraska researchers who are nominated)
 - b. Held at 4 pm on Wednesday's via Zoom, publicity included

- c. Contact Samone Behrendt (samone.behrendt@gmail.com) if you are interested in presenting
- d. No financial support

Please refer to our seminar webpage at <http://ncmn.unl.edu/seminars> for information about past speakers. We welcome your nominations and look forward to working with you to host quality speakers in the area of Materials and Nanoscience through NCMN's Seminar Series.
